## Web Video Services

BCN Productions (BCN) has developed a simple and cost effective way to create a video about your companies' products, services, or ideas for the web.

Our professional staff helps you develop a *script* that will be used to shoot the web video. The BCN portable studio is brought to your location and we guide you through the *shoot/filming* process. With raw footage in hand our experts will *edit* and create a web video, working with you to ensure the video meets your needs and expectations. Once you are satisfied with the video, we *publish* a HD web video for use on the web in any of the popular formats.

Starting at \$3,800, script development, shoot/film, edit, and publish of a web video, up to 3 minutes in length, is delivered as a HD encoded video for your use on the web. If you need more, BCN offers other services such as, mobile video content creation, HD quality television broadcast video, DVD/Blue Ray creation, and DVD/Blue Ray duplication at equally attractive pricing.

Want to get your message out? you need a professional video production company to do the job, BCN Productions.

## Who We Are

BCN is a video production company dedicated to providing dynamic, professional productions that exceed our client's expectations.

Founded in 1988, Boston Convention Network / BCN Productions has produced in a wide variety of video / film and multimedia projects. Our presentations include corporate marketing, broadcast presentation, documentary, and customized web video content.
